<b>Agreement</b>			

The undersigned, whether Individual, Corporation, Limited Liability Company, Partnership or Limited Partnership; whether male or female, and whether one or more than one, is hereinafter called the CUSTOMER. Customer certifies information submitted is accurate and authorizes White Energy to make inquiries with any credit reporting agency, bank or trade reference in connection with the extension of credit requested. Should credit be granted by White Energy, all decisions with respect to the extension or continuation are at the sole discretion of White Energy and may be terminated at any time without prior notice.

All credit sales made by White Energy to Customer are due and payable in full according to the terms of sale specified on the invoice. A finance charge at the rate of 18% APR (Annual Percentage Rate) or the highest amount permitted by law may be assessed against sales which have not been paid. If Customers' account incurs finance charges, Customer agrees that any subsequent payments or credits may be applied first to past due finance charges and second to outstanding invoice balances at the sole discretion of White Energy. Customer agrees to pay any collection cost incurred to collect the account balance, including reasonable attorney's fees. All obligations of Customer to White Energy including credit sales and any other promises of any kind to pay White Energy for any purchases, finance charges, collection costs and other expenses will be referred to hereinafter as "indebtedness".

The sale of animal feed on credit is subject to Chapter 188, Agriculture Code. Failure to pay the agreed or reasonable charges for the feed may result in the attachment of a lien to the proceeds of livestock for which the feed is used or in the proceeds of animal products produced from the livestock.
